ATTENTION

AUDIO TAPED INTERVIEWS: Audio taped interviews are available. The length of the interview varies greatly from donor to donor. However, the average length of the interview is 15 minutes. See page 2 for more information. The interview consists of two parts. Some cassettes contain both parts on side A, and some cassettes contain one part on each side.

DONOR AVAILABILITY: LISTED ON THIS CATALOG ARE DONORS AVAILABLE AT THE TIME OF PUBLICATION. We encourage you to **place your order at the earliest possible time**. Many donor specimens are sold daily, and we **CANNOT** guarantee donor availability.

PROFILES: **Descriptive Profiles** are available on every donor. (Short profiles are 2 pages, long profiles are 10 to 20+ pages.) Please call for more information. The California Cryobank strongly suggests that clients review donor profiles prior to ordering specimens.

DONOR DESCRIPTIONS: The donor catalog is updated monthly. Therefore, information on the catalog may differ from information on the donor profile. Example: years of college may change over time.

SPECIMEN TYPES:

The Cryobank is prohibited from accepting returned specimens and will not be responsible for client error in selecting specimen type.

PLEASE SPEAK WITH YOUR PHYSICIAN AND BE PREPARED TO SPECIFY SPECIMEN TYPE AT THE TIME OF ORDER.

ICI = Specimens prepared for **Intracervical Insemination** (previously called "Standard Specimen")

IUI = Specimens prepared for **Intrauterine Insemination** (previously called "Percoll Processed Specimen")

CALIFORNIA CRYOBANK, INC. DONOR CATALOG MARCH, 1997

*****ATTENTION*****

Audio taped donor interviews are available for clients who want to hear the donor's voice or hear how the donor responds to specific questions. Some may want to save the tape for their child to hear sometime in the future. The average length of each tape is 15 minutes (both sides). The fee for each tape including shipment by regular mail is \$20. There is an additional charge for Federal Express shipment. Donors with available audio tapes are marked on the catalog with the letter "A" in the column labeled Audio Tape. All new donors who enter our program are encouraged to provide a taped interview. Call client services to check the availability of audio taped interviews on donors that are not on the catalog.

Caucasian Donors:

Specimen vials of the donors listed in this section have WHITE caps and are shipped on WHITE canes.

*Pregnancy: YES indicates that we have received at least one pregnancy report on the donor. NO indicates that we have not YET received a pregnancy report on the donor. From our experience, a donor is on the catalog for at least six months before we receive a pregnancy report.
